I. Introduction to Acharya:

At our 28th year, we at Acharya are proud to be the choice of students from around the world. Today, we are Bangalore's Largest Composite Academic Facility with over 100 academic programs in Diploma, Under Graduate, Graduate and Doctoral levels. Founded in the year 1990 by **Mr. B. Premnath Reddy**, under the aegis of JMJ Education Society, Acharya is today a home away from home for nearly 14,000+ students from 75 nationalities.

Acharya has the intellectual and infrastructural expertise in teaching over 50 diverse academics streams – perhaps very unique among the league of top-ranked academic institutions in India – from Engineering to English, Architecture to Apparel Design, Physics to Psychology, Mathematics to Manufacturing, Pharmacy to Product Design, Chemistry to Communication, Biology to Business Management and Nursing to Nanotechnology.

This unique strength of Acharya stems from the fact that, we understand the nuances of providing successful curricular and extra-curricular experiences to students from diverse cultural backgrounds. With a clearly defined admission process and streamlined methodologies, complying with local University and Statutory regulations, a strict adherence to Quality Process, the whole experience of admittance and learning is made clear.

The world-class facilities for learning, research, evaluation and residence only add to the over-all experience. While students from abroad find these favorable in choosing Acharya, as their destination for academic pursuits, many Universities, Scholarship Agencies, Research Institutions and others have actively supported students from their countries to study at Acharya. Most students have taken up full-time programs under various streams while many have been part of Exchange Programmes.

We, at Acharya, firmly believe that every aspiration must be nurtured and in continuation of this thought we have constantly innovated newer programs to meet every discerning needs of the very aware youth of today. Acharya have successfully innovated, delivered programs and provided facilities that support success.

Acharya envisions itself as the Fountain Head, producing professionals to meet requirements across various fields. Practical learning goes hand in hand with theoretical Knowledge, Acharya has set up Laboratories, research cells, faculty and student development programmes with many of the top notch industries in relevant fields.

Acharya has also collaborated with Universities in the US, UK, Canada, Germany, Korea, China & Australia to provide students an opportunity of hands on advanced learning. The students, during their vacations intern and learn through their involvement in research activities with the Professors of these Universities.

Acharya is a huge 120-acre green, Wi-Fi enabled campus in Bangalore, with state-of-the-art laboratories, advanced classrooms, webinar facilities, etc. A huge football stadium and other sports activities such as basketball, cricket, lawn tennis and other sports & recreational facilities provide the students with an overall development.

The hostels are a class apart with 5 star styled kitchens with various types of accommodation provided to students daily with housekeeping and Laundromat facilities.

Acharya with its multi cultural student population is truly a **Global Education Hub**.
